PROFESSIONAL SUMMARY

Motivated Computer Science student (B.Tech 2024–2028) with hands-on experience in MERN stack development and Python automation. Skilled in building scalable, full-stack web applications with secure authentication, RESTful APIs, and real-time features. Passionate about clean UI/UX and continuously learning through practical projects. Seeking an internship or entry-level role to apply and grow my skills.

EDUCATION

Dr. A.P.J. Abdul Kalam Technical University, Lucknow | 2024 – 2028
B.Tech in Computer Science | Bareilly, UP

Kituka Devi Inter College, Bareilly | 2022 – 2024
Intermediate (Class XII)

TECHNICAL SKILLS

Languages: C, C++, Python, JavaScript
Frontend: HTML, CSS, React.js, Tailwind CSS, GSAP, Framer Motion
Backend: Node.js, Express.js, REST APIs, JWT Authentication
Database: MongoDB, MySQL
Tools & Technologies: Git, GitHub, Docker, Postman, VS Code

PROJECTS

Job Portal Application — MERN Stack

- Built a full-stack job portal using React, Node.js, Express.js, and MongoDB supporting 50+ job listings and multi-role access (recruiter & candidate).
- Implemented secure user authentication and authorization using JWT with protected routes and role-based access control.
- Designed and documented 15+ RESTful APIs for job posting, application tracking, and user profile management.
- Integrated Web Speech API for voice-based real-time search and interaction, improving accessibility.

Personal Assistant — Python Automation

Developed a voice-controlled desktop assistant using Python, pyttsx3, and SpeechRecognition that automates 10+ daily tasks.

- Implemented features including application launching, system commands, web search, and real-time query answering.
- Reduced manual task time by ~40% for common desktop operations through voice command automation.

ACHIEVEMENTS & ACTIVITIES

- Solved 60+ problems on LeetCode focusing on data structures and algorithms (arrays, strings, recursion).
- Completed MERN Stack Development course — covered full project lifecycle from design to deployment.
- Active contributor on GitHub with 10+ repositories showcasing personal and academic projects.
